This *Disclosure Form* (including any applicable *Disclosure Form Rider*) and the *Summary of Benefits and Coverage (SBC)* document provide a summary of your health plan. The plan's *Evidence of Coverage (EOC)*, which you will receive after you enroll, contains the exact terms and conditions of your Health Net coverage. You should also consult the *Group Hospital and Professional Service Agreement* (issued to your employer) to determine governing contractual provisions. It is important for you to carefully read this *Disclosure Form*, the *SBC* and, once received, the plan's *EOC*, especially those sections that apply to those with special health care needs. This *Disclosure Form* includes a matrix of benefits in the section titled "Benefits Matrix." The *SBC*, which is issued in conjunction with this *Disclosure Form*, describes what your plan covers and what you pay for covered services and supplies.

Health Net CanopyCare HMO Network Rider (Rider)

Health Net of California, Inc. ("Health Net") issues this Rider in conjunction with the accompanying coverage document. It describes available provider network for your plan's coverage. Please review this Rider along with the accompanying document to find out what this plan covers and how much you will pay for covered services and supplies.

Health Net CanopyCare HMO Network

PLEASE READ THIS IMPORTANT NOTICE ABOUT THE HEALTH NET CANOPYCARE HMO NETWORK HEALTH PLAN SERVICE AREA AND OBTAINING SERVICES FROM CANOPYCARE HMO NETWORK PHYSICIAN AND HOSPITAL PROVIDERS.

Except for Emergency Care, benefits for Physician and Hospital services under this **Health Net CanopyCare HMO Network ("CanopyCare HMO Network")** plan are only available when you live or work in the CanopyCare HMO Network service area and use a CanopyCare HMO Network Physician or Hospital. When you enroll in this CanopyCare HMO Network plan, you must choose a CanopyCare HMO Network Primary Care Physician and you may only use a Physician, Hospital, or ancillary provider who is in the CanopyCare HMO Network. You may obtain Behavioral Health covered services and supplies from any Health Net Participating Behavioral Health Provider.

How the Plan Works

Please read the following information so you will know from whom health care may be obtained, or what physician group to use. If any network rider has been issued with this document, refer to the rider for additional information.

SELECTION OF PHYSICIANS AND PHYSICIAN GROUPS

- When you enroll with Health Net, you choose a contracting physician group. From your physician group, you select one doctor to provide basic health care; this is your primary care physician (PCP).
- Health Net requires the designation of a PCP. A PCP provides and coordinates your medical care. You have the right to designate any PCP who participates in our network and who is available to accept you or your family members, subject to the requirements of the physician group. For children, a pediatrician may be designated as the PCP. Until you make this PCP designation, Health Net designates one for you. For information on how to select a PCP and for a list of the participating PCP in the Health Net service area, refer to your Health Net CanopyCare HMO Directory (Health Net CanopyCare HMO Directory). The Health Net CanopyCare HMO Directory is also available on the Health Net website at www.healthnet.com/sfhss. You can also call the Customer Contact Center at the number shown on your Health Net ID card to request provider information.
- Whenever you or a covered family member needs health care, your PCP will provide the medically necessary care. Specialist care is also available, when referred by your PCP or physician group.
- You do not have to choose the same physician group or PCP for all members of your family. Physician groups, with names of physicians, are listed in the Health Net CanopyCare HMO Directory.

HOW TO CHOOSE A PHYSICIAN

Choosing a PCP is important to the quality of care you receive. To be comfortable with your choice, we suggest the following:

- Discuss any important health issues with your chosen PCP;
- Ask your PCP or the physician group about the specialist referral policies and hospitals used by the physician group; and
- Be sure that you and your family members have adequate access to medical care, by choosing a doctor located within 30 miles of your home or work.

SPECIALISTS AND REFERRAL CARE

If you need medical care that your PCP cannot provide, your PCP may refer you to a specialist or other health care provider for that care. Refer to the "Mental Health and Substance Use Disorders" section below for information about receiving care for mental health and substance use disorders.

You do not need prior authorization from Health Net or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics, gynecology or reproductive and sexual health, refer to your Health Net CanopyCare HMO Directory (Health Net CanopyCare HMO Directory) on the Health Net website at www.healthnet.com/sfhss. A copy of the Health Net CanopyCare HMO Directory may also be ordered online or by calling Health Net Customer Contact Center at **1-833-448-2042**.

MENTAL HEALTH AND SUBSTANCE USE DISORDERS

For more information about how to receive care and Health Net's prior authorization requirements, please refer to the "Behavioral Health Services" section of this *Disclosure Form*.

HOW TO ENROLL

Complete the enrollment form found in the enrollment packet and return the form to your employer. If a form is not included, your employer may require you to use an electronic enrollment form or an interactive voice response enrollment system. Please contact your employer for more information.

Some hospitals and other providers do not provide one or more of the following services that may be covered under the plan's Evidence of Coverage and that you or your family member might need:

- Family planning
- Contraceptive services; including emergency contraception
- Sterilization, including tubal ligation at the time of labor and delivery
- Infertility treatments
- Abortion

You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic, or call the Health Net Customer Contact Center at the phone number on the back cover to ensure that you can obtain the health care services that you need.

Benefits Matrix

The matrix below lists examples of services that are provided under this plan. Refer to the SBC, which is issued in conjunction with this Disclosure Form, for the amount you will pay for covered services and supplies.

THIS MATRIX IS INTENDED TO BE USED TO HELP YOU COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THE EVIDENCE OF COVERAGE (EOC) SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF COVERAGE BENEFITS AND LIMITATIONS.

Principal Benefits	What You Pay
Deductible	This plan does not have a deductible.
Lifetime maximums.....	This plan does not have a lifetime maximum.

Home health services.....	Refer to the SBC under "If you need help recovering or have other special health needs."
Other services	Refer to the SBC under "If you have a test" and "If you need help recovering or have other special health needs."

Limits of Coverage

WHAT'S NOT COVERED (EXCLUSIONS AND LIMITATIONS)

- Ambulance and paramedic services that do not result in transportation or that do not meet the criteria for emergency care, unless such services are medically necessary and prior authorization has been obtained;
- Biofeedback therapy is limited to medically necessary treatment of certain physical disorders (such as incontinence and chronic pain) and mental health and substance use disorders;
- Care for mental health care as a condition of parole or probation, or court-ordered testing for mental health and substance use disorders, except when such services are medically necessary.
Exception: The plan will cover the cost of developing an evaluation pursuant to Welfare and Institutions Code Section 5977.1 and the provision of all health care services for a member when required or recommended for the member pursuant to a Community Assistance, Recovery, and Empowerment (CARE) agreement or a CARE plan approved by a court, regardless of whether the service is provided by an in-network or out-of-network provider. Services are provided to the member with no cost share or prior authorization, except for prescription drugs. Prescription drugs are subject to the cost share shown in the "Schedule of Benefits and Copayments" in your plan's SBC and may require prior authorization;
- Corrective footwear is limited to medically necessary footwear that is custom made for the member and permanently attached to a medically necessary orthotic device that is also a covered benefit under this plan, or is a podiatric device to prevent or treat diabetes-related complications. Other corrective footwear is not covered unless specifically described in your plan's EOC;
- Cosmetic services and supplies;
- Custodial or live-in care;
- Dental services. However, medically necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures are covered. Cleft palate includes cleft palate, cleft lip or other craniofacial anomalies associated with cleft palate;
- Disposable supplies for home use except certain disposable ostomy or urological supplies;
- Experimental or investigational procedures, except as set out under the "Clinical Trials" and "If You Have a Disagreement with Our Plan" sections of this *Disclosure Form*;
- Fertility preservation coverage does not include the following: follow-up assisted reproductive technologies (ART) to achieve future pregnancy such as artificial insemination, in vitro fertilization and/or embryo transfer; pre-implantation genetic diagnosis; donor eggs, sperm or embryos; or gestational carriers (surrogates);
- Genetic testing is not covered except when determined by Health Net to be medically necessary. The prescribing physician must request prior authorization for coverage. However prior authorization is not required for biomarker testing for members with advanced or metastatic stage 3 or 4 cancer;

- Marriage counseling, except when rendered in connection with services provided for a treatable mental health or substance use disorder;
- Noneligible institutions. This plan only covers medically necessary services or supplies provided by a licensed hospital, hospice, Medicare-approved skilled nursing facility, residential treatment center or other properly licensed medical facility as specified in the plan's *EOC*. Any institution that is not licensed to provide medical services and supplies, regardless of how it is designated, is not an eligible institution;
- Orthoptics (eye exercises);
- Orthotics (such as bracing, supports and casts) that are not custom made to fit the member's body. Refer to the "corrective footwear" bullet above for additional foot orthotic limitations;
- Personal or comfort items;
- Physician self-treatment;
- Physician treating immediate family members;
- Private rooms when hospitalized, unless medically necessary;
- Private-duty nursing;
- Refractive eye surgery unless medically necessary, recommended by the member's treating physician and authorized by Health Net;
- Reversal of surgical sterilization;
- Routine foot care for treatment of corns, calluses and cutting of nails, unless medically necessary;
- Services and supplies not authorized by Health Net or the physician group according to Health Net's procedures;
- Services for a surrogate pregnancy are covered when the surrogate is a Health Net member. However, when compensation is obtained for the surrogacy, Health Net shall have a lien on such compensation to recover its medical expense;
- Services received before effective date or after termination of coverage, except as specifically stated in the "Extension of Benefits" section of the plan's *EOC*;
- Services related to education or training, including for employment or professional purposes, except for behavioral health treatment for pervasive developmental disorder or autism;
- State hospital treatment, except as the result of an emergency or urgently needed care;
- Stress, except when rendered in connection with services provided for a treatable mental health or substance use disorder;
- Telehealth consultations through a select telehealth services provider do not cover specialist services; and prescriptions for substances controlled by the DEA, non-therapeutic drugs or certain other drugs which may be harmful because of potential for abuse;
- Treatment of jaw joint disorders or surgical procedures to reduce or realign the jaw, unless medically necessary; and
- Treatment of obesity, weight reduction or weight management, except for treatment of morbid obesity. Certain services may be covered as preventive care services as described in the plan's *EOC*.

The above is a partial list of the principal exclusions and limitations applicable to the medical portion of your Health Net plan. The *EOC*, which you will receive if you enroll in this plan, will contain the full list.

Benefits and Coverage

MEDICALLY NECESSARY CARE

All services that are medically necessary will be covered by your Health Net plan (unless specifically excluded under the plan). All covered services or supplies are listed in the plan's *EOC*; any other services or supplies are not covered.

EMERGENCIES

Health Net covers emergency and urgently needed care throughout the world. If you need emergency or urgently needed care, seek care where it is immediately available. Depending on your circumstances, you may seek this care by going to your physician group (medical) or participating mental health professional (mental health and substance use disorders) or urgent care center. For an emergency, go to the nearest emergency facility or call **911**.

You are encouraged to use appropriately the **911** emergency response system, in areas where the system is established and operating, when you have an emergency medical condition (including mental health and substance use disorders) that requires an emergency response. All air and ground ambulance and ambulance transport services provided as a result of a **911** call will be covered, if the request is made for an emergency medical condition (including mental health and substance use disorders). You can also call 988, the national suicide and mental health crises hotline system.

All follow-up care (including mental health and substance use disorders) after the urgency has passed and your condition is stable, must be provided or authorized by your physician group (medical) or participating mental health professional (mental health and substance use disorders) and, if required, authorized by your physician group (medical) or Health Net (mental health and substance use disorders); otherwise, it will not be covered by Health Net.

Emergency care includes medical screening, examination and evaluation by a physician (or other personnel to the extent permitted by applicable law and within the scope of their license and privileges) to determine if an emergency medical condition or active labor exists and, if it does, the care, treatment, and surgery, if within the scope of that person's license, necessary to relieve or eliminate the emergency medical condition, within the capability of the facility. "Active labor" means labor at the time that either of the following could reasonably be expected to occur: (1) there is inadequate time to effect safe transfer to another hospital prior to delivery; or (2) a transfer poses a threat to the health and safety of the member or unborn child. Emergency care will also include additional screening, examination and evaluation by a

physician (or other personnel to the extent permitted by applicable law and within the scope of their license and privileges) to determine if a psychiatric emergency medical condition exists, and the care and treatment necessary to relieve or eliminate the psychiatric emergency medical condition, either within the capability of the facility or by transferring the member to a psychiatric unit within a general acute hospital or to an acute psychiatric hospital as medically necessary.

All air and ground ambulance and ambulance transport services provided as a result of a 911 call will be covered, if the request is made for an emergency medical condition (including mental health and substance use disorders).

Emergency medical condition *is a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in any of the following: (1) Placing the patient's health in serious jeopardy, (2) Serious impairment to bodily functions, or (3) Serious dysfunction of any bodily organ or part.*

Psychiatric emergency medical condition *means a mental health or substance use disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following: (1) An immediate danger to themselves or to others, or (2) Immediately unable to provide for, or utilize, food, shelter, or clothing, due to the mental health or substance use disorder.*

Urgently needed care *includes an otherwise covered medical service a person would seek for treatment of an injury, unexpected illness or complication of an existing condition, including pregnancy, to prevent the serious deterioration of their health, but which does not qualify as emergency care, as defined in this section. This may include services for which a person should have known an emergency did not exist.*

NOTICE OF REQUIRED COVERAGE

Benefits of this plan provide coverage required by the Federal Newborns' and Mothers' Health Protection Act of 1996 and Women's Health and Cancer Rights Act of 1998.

The Newborns' and Mothers' Health Protection Act of 1996 sets requirements for a minimum hospital length of stay following delivery. Specifically, group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

The Women's Health and Cancer Rights Act of 1998 applies to medically necessary mastectomies and requires coverage for prosthetic devices and reconstructive surgery on either breast provided to restore and achieve symmetry.

TIMELY ACCESS TO CARE

The California Department of Managed Health Care (DMHC) has issued regulations (California Code of Regulations, Title 28, Section 1300.67.2.2) with requirements for timely access to nonemergency health care services.

You may contact Health Net at the number shown on the back cover, 7 days per week, 24 hours per day to access triage or screening services. Health Net provides access to covered health care services in a timely manner. For further information, please refer to the plan's *EOC* or contact the Health Net Customer Contact Center at the phone number on the back cover.

Please see the "Notice of Language Services" section for information regarding the availability of no cost interpreter services.

CLINICAL TRIALS

Routine patient care costs for patients diagnosed with cancer or other life-threatening disease or condition who are accepted into phase I, II, III, or IV clinical trials are covered when medically necessary, recommended by the member's treating physician and authorized by Health Net. The physician must determine that participation has a meaningful potential benefit to the member and the trial has therapeutic intent. For further information, please refer to the plan's *EOC*.

SECOND OPINIONS

You have the right to request a second opinion when:

- Your PCP or a referral physician gives a diagnosis or recommends a treatment plan that you are not satisfied with;
- You are not satisfied with the result of treatment you have received;
- You are diagnosed with, or a treatment plan is recommended for, a condition that threatens loss of life, limb, or bodily function, or a substantial impairment, including but not limited to a serious chronic condition; or
- Your PCP or a referral physician is unable to diagnose your condition, or test results are conflicting.

When you request a second opinion, you will be responsible for any applicable copayments. To obtain a copy of Health Net's second opinion policy, call the Customer Contact Center at the phone number on the back cover.

COVERAGE FOR NEWBORNS

Children born after your date of enrollment are automatically covered for 31 days (including the date of birth). To continue coverage, the child must be enrolled through your employer before the 31st day of the child's life. If the child is not enrolled within 31 days (including the date of birth):

- Coverage will end after 31 days (including the date of birth); and

- You will have to pay your physician group for all medical care provided after 31 days (including the date of birth).

SPECIAL ENROLLMENT RIGHTS UNDER CHILDREN'S HEALTH INSURANCE PROGRAM REAUTHORIZATION ACT OF 2009 (CHIPRA)

The Children's Health Insurance Reauthorization Act of 2009 (CHIPRA) creates a special enrollment period in which individuals and their dependent(s) are eligible to request enrollment in this plan within 60 days of becoming ineligible and losing coverage from a Medi-Cal plan.

EXTENSION OF BENEFITS

If you or a covered family member is totally disabled when your employer ends its group services agreement with Health Net, we may cover the treatment for the disability until one of the following occurs:

- A maximum of 12 consecutive months elapses from the termination date;
- Available benefits are exhausted;
- The disability ends; or
- The member becomes enrolled in another plan that covers the disability.

Your application for an extension of benefits for disability must be made to Health Net within 90 days after your employer ends its agreement with us. We will require medical proof of the total disability at specified intervals.

CONFIDENTIALITY AND RELEASE OF MEMBER INFORMATION

Health Net knows that personal information in your medical records is private. Therefore, we protect your personal health information in all settings (including oral, written and electronic information). The only time we would release your confidential information without your authorization is for payment, treatment, health care operations (including, but not limited to utilization management, quality improvement, disease or case management programs) or when permitted or required to do so by law, such as for court order or subpoena. We will not release your confidential claims details to your employer or their agent. Often, Health Net is required to comply with aggregated measurement and data reporting requirements. In those cases, we protect your privacy by not releasing any information that identifies our members.

PRIVACY PRACTICES

Once you become a Health Net member, Health Net uses and discloses a member's protected health information and nonpublic personal financial information* for purposes of treatment, payment, health care operations, and where permitted or required by law. Health Net provides members with a "Notice of Privacy Practices" that describes how it uses and discloses protected health information; the individual's rights to access, to request amendments, restrictions, and an accounting of disclosures of protected health information; and the procedures for filing complaints. Health Net will provide you the

opportunity to approve or refuse the release of your information for nonroutine releases such as marketing. Health Net provides access to members to inspect or obtain a copy of the member's protected health information in designated record sets maintained by Health Net. Health Net protects oral, written and electronic information across the organization by using reasonable and appropriate security safeguards. These safeguards include limiting access to an individual's protected health information to only those who have a need to know in order to perform payment, treatment, health care operations or where permitted or required by law. Health Net releases protected health information to plan sponsors for administration of self-funded plans but does not release protected health information to plan sponsors/employers for insured products unless the plan sponsor is performing a payment or health care operation function for the plan. Health Net's entire Notice of Privacy Practices can be found in the plan's EOC, at www.healthnet.com/sfhss under "Privacy" or you may call the Customer Contact Center at the phone number on the back cover of this booklet to obtain a copy.

- * *Nonpublic personal financial information includes personally identifiable financial information that you provided to us to obtain health plan coverage or we obtained in providing benefits to you. Examples include Social Security numbers, account balances and payment history. We do not disclose any nonpublic personal information about you to anyone, except as permitted by law.*

Utilization Management

Utilization management is an important component of health care management. Through the processes of prior authorization, concurrent and retrospective review and care management, we evaluate the services provided to our members to be sure they are medically necessary and appropriate for the setting and time. These processes help to maintain Health Net's high quality medical management standards.

PRIOR AUTHORIZATION

Certain proposed services may require an assessment prior to approval. Evidence-based criteria are used to evaluate whether or not the procedure is medically necessary and planned for the appropriate setting (that is, inpatient, ambulatory surgery, etc.).

CONCURRENT REVIEW

This process continues to authorize inpatient and certain outpatient conditions on a concurrent basis while following a member's progress, such as during inpatient hospitalization or while receiving outpatient home care services.

DISCHARGE PLANNING

This component of the concurrent review process ensures that planning is done for a member's safe discharge in conjunction with the physician's discharge orders and to authorize post-hospital services when needed.

RETROSPECTIVE REVIEW

This medical management process assesses the appropriateness of medical services on a case-by-case basis after the services have been provided. It is usually performed on cases where prior authorization was required but not obtained.

CARE OR CASE MANAGEMENT

Nurse care managers provide assistance, education and guidance to members (and their families) through major acute and/or chronic long-term health problems. The care managers work closely with members, their physicians and community resources.

If you would like additional information regarding Health Net's utilization management process, please call the Health Net Customer Contact Center at the phone number on the back cover.

Payment of Fees and Charges

YOUR COPAYMENT AND DEDUCTIBLES

The *SBC and EOC* explains your coverage and payment for services. Please take a moment to look them over.

PREPAYMENT FEES

Generally, your employer will pay Health Net your monthly subscription charges for you and all enrolled family members. Check with your employer regarding any share that you may be required to pay. If your share ever increases, your employer will inform you in advance.

OTHER CHARGES

You are responsible for payment of your share of the cost of services covered by this plan. Amounts paid by you are called copayments, which are described in the *SBC and EOC*. Beyond these charges the remainder of the cost of covered services will be paid by Health Net.

When the total amount of copayments you pay equals the out-of-pocket maximum shown in the *SBC and EOC*, you will not have to pay additional copayments for the rest of the year for most services provided or authorized by your physician group.

Payment for services not covered by this plan will not count toward the out-of-pocket maximum. Additionally, certain shares of cost will not count toward the out-of-pocket maximum as shown in the SBC and EOC.

LIABILITY OF SUBSCRIBER OR ENROLLEE FOR PAYMENT

If you receive health care services without the required referral from your PCP or physician group (medical), or participating mental health professional (mental health and substance use disorders), or, if required, authorization from your physician group (medical) or Health Net (mental health and substance use disorders), you are responsible for the cost of these services.

Remember, this plan only covers services that are provided or authorized by a PCP or physician group, or participating mental health professional or, if required, authorized by your physician group (medical) or Health Net (mental health and substance use disorders), except for emergency or out-of-area urgent care. Consult the Health Net HMO Directory for a full listing of Health Net-contracted physicians.

REIMBURSEMENT PROVISIONS

Payments that are owed by Health Net for services provided by or through your physician group (medical), or participating mental health professional (mental health and substance use disorders) will never be your responsibility.

If you have out-of-pocket expenses for covered services, call the Health Net Customer Contact Center for a claim form and instructions. You will be reimbursed for these expenses less any required copayment or deductible. (Remember, you do not need to submit claims for medical services provided by your PCP or physician group.)

If you receive emergency services not provided or directed by your physician group (medical), or directed by Health Net (mental health and substance use disorders), you may have to pay at the time you receive service. To be reimbursed for these charges, you should get a complete statement of the services received and, if possible, a copy of the emergency room report.

Please call the Health Net Customer Contact Center at the phone number on the back cover to obtain claim forms, and to find out whether you should send the completed form to your physician group (medical) or Health Net. Medical and mental health claims must be received by Health Net within one year of the date of service to be eligible for reimbursement.

How to File a Claim

For medical or mental health and substance use disorder services, please send a completed claim form within one year of the date of service to:

Health Net Commercial Claims
P.O. Box 9040
Farmington, MO 63640-9040

Please call Health Net Customer Contact Center at the phone number on the back cover of this booklet or visit our website at www.healthnet.com/sfhss to obtain the claim form.

For outpatient prescription drugs, please send a completed prescription drug claim form to:

Health Net
C/O Caremark
P.O. Box 52136
Phoenix, AZ 85072

Please call Health Net Customer Contact Center at the phone number on the back cover of this booklet or visit our website at www.healthnet.com/sfhss to obtain a prescription drug claim form.

Claims for covered expenses filed more than one year from the date of service will not be paid unless you can show that it was not reasonably possible to file your claim within that time limit and that you have filed as soon as was reasonably possible.

PROVIDER REFERRAL AND REIMBURSEMENT DISCLOSURE

If you are considering enrolling in our plan, you are entitled to ask if the plan has special financial arrangements with our physicians that can affect the use of referrals and other services you may need. Health Net uses financial incentives and various risk sharing arrangements when paying providers. To get this information, call the Health Net Customer Contact Center at the phone number on the back cover. You can also contact your physician group or your PCP to find out about our physician payment arrangements.

Facilities

Health care services for you and eligible members of your family will be provided at:

- The facilities of the physician group you chose at enrollment; or
- A nearby Health Net-contracted hospital, if hospitalization is required.

Many Health Net contracting physician groups have either a physician on call 24 hours a day or an urgent care center available to offer access to care at all times.

The physician group you choose will also have a contractual relationship with local hospitals (for acute, subacute and transitional care) and skilled nursing facilities. These are listed in your *Health Net CanopyCare HMO Directory*.

PHYSICIAN GROUP TRANSFERS

You may switch doctors within the same physician group at any time. You may also transfer to another physician group monthly. Simply contact Health Net at www.healthnet.com/sfhss or at the phone number on the back cover of this booklet to have your transfer effective by the 1st of the following month.

Transfer requests will generally be honored unless you are confined to a hospital. (However, Health Net may approve transfers under this condition for certain unusual or serious circumstances. Please call the Health Net Customer Contact Center at the phone number on the back cover of this booklet for more information.)

CONTINUITY OF CARE

Transition of Care for New Enrollees

You may request continued care from a provider who does not contract with Health Net if at the time of your enrollment with Health Net you were receiving care for the conditions listed in the “Continuity of Care upon Termination of Provider Contract” provision immediately below.

Health Net may provide coverage for completion of services from a nonparticipating provider, subject to applicable copayments and any exclusions and limitations of your plan. You must request the coverage within 60 days of your group's effective date unless you can show that it was not reasonably possible to make the request within 60 days of the group's effective date and you make the request as soon as reasonably possible. The nonparticipating provider must be willing to accept the same contract terms applicable to providers currently contracted with Health Net, who are not capitated and who practice in the same or similar geographic region. If the provider does not accept such terms, Health Net is not obligated to provide coverage with that provider.

Continuity of Care upon Termination of Provider Contract

If Health Net's contract with a physician group or other provider ends, Health Net will transfer any affected members to another contracted physician group or provider to ensure that care continues. Health Net will provide a written notice to affected members at least 60-days prior to termination of a contract with a physician group or an acute care hospital to which members are assigned for services. For all other hospitals that end their contract with Health Net, a written notice will be provided to affected members within five days after the effective date of the contract termination.

Health Net may provide coverage for completion of services from a provider whose contract has ended, subject to applicable copayments and any other exclusions and limitations of your plan and if such provider is willing to accept the same contract terms applicable to the provider prior to the provider's contract termination. You must request continued care within 30 days of the provider's date of termination, unless you can show that it was not reasonably possible to make the request within 30 days of the provider's date of termination and you make the request as soon as it is reasonably possible.

You may request continued care from a provider whose contract is terminated if at the time of termination the member was receiving care from such a provider for the conditions listed below.

The following conditions are eligible for continuation of care:

- an acute condition;
- a serious chronic condition not to exceed twelve months;
- a pregnancy (including the duration of the pregnancy and immediate postpartum care);

- maternal mental health, not to exceed 12 months from the diagnosis or from the end of pregnancy, whichever occurs later;
- a newborn (up to 36 months of age, not to exceed twelve months);
- a terminal illness (through the duration of the terminal illness); or
- a surgery or other procedure that has been authorized by Health Net (or by the member's prior health plan for a new enrollee) as part of a documented course of treatment.

In addition, you may request continued care from a provider, including a hospital, if you have been enrolled in another Health Net HMO plan that included a larger network than this plan, Health Net will offer the same scope of continuity of care for completion of services, regardless of whether you had the opportunity to retain your current provider by selecting:

- a Health Net product with an out of network benefit;
- a different Health Net HMO network product that included your current provider; or
- another health plan or carrier product.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care or to request a copy of the Continuity of Care Request Form or of Health Net's continuity of care policy, please call the Health Net Customer Contact Center at the phone number on the back cover.

Renewing, Continuing or Ending Coverage

RENEWAL PROVISIONS

The contract between Health Net and your employer is usually renewed annually. If your contract is amended or terminated, your employer will notify you in writing.

INDIVIDUAL CONTINUATION OF BENEFITS

Please examine your options carefully before declining coverage.

If your employment with your current employer ends, you and your covered family members may qualify for continued group coverage under:

- **COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985):** For most groups with 20 or more employees, COBRA applies to employees and their eligible dependents, even if they live outside of California. Please check with your group to determine if you and your covered dependents are eligible.
- **Cal-COBRA Continuation Coverage:** If you have exhausted COBRA and you live in the Health Net Service Area, you may be eligible for additional continuation coverage under state Cal-COBRA law. This coverage may be available if you have exhausted federal COBRA coverage, have had less than 36 months of COBRA coverage, and you are not entitled to Medicare. If you are eligible, you have the opportunity to continue group coverage under this plan through Cal-COBRA for up to 36 months from the date that federal COBRA coverage began.
- **USERRA Coverage:** Under a federal law known as the Uniformed Services Employment and Reemployment Rights Act (USERRA), employers are required to provide employees who are absent from employment to serve in the uniformed services and their dependents who would lose their group health coverage the opportunity to elect continuation coverage for a period of up to 24 months. Please check with your group to determine if you are eligible.

Also, you may be eligible for continued coverage for a disabling condition (for up to 12 months) if your employer terminates its agreement with Health Net. Please refer to the "Extension of Benefits" section of this *Disclosure Form* for more information.

TERMINATION OF BENEFITS

The following information describes circumstances when your coverage in this plan may be terminated. For a more complete description of termination of benefits, please see the plan's *EOC*.

Termination for Nonpayment of Subscription Charges

Your coverage under this plan ends when the agreement between the employer and Health Net terminates due to nonpayment of the subscription charges by the employer. Health Net will provide your employer a 30-day grace period to submit the delinquent subscription charges. If your employer fails to pay the required subscription charges by the end of the 30-day grace period, the agreement between Health Net and your employer will be cancelled and Health Net will terminate your coverage at the end of the grace period.

Termination for Loss of Eligibility

Your coverage under this plan ends on the date you become ineligible. Some reasons that you may lose eligibility in this plan include, but are not limited to, the following situations:

- The agreement between the employer covered under this plan and Health Net ends;
- You cease to either live or work within Health Net's service area; or
- You no longer meet the eligibility requirements established by the Group and Health Net.

Termination for Cause

Coverage under this Health Net plan may be terminated for good cause with a 30-day written notice for a member who commits any act or practice, which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, including:

- Misrepresenting eligibility information about yourself or a dependent;
- Presenting an invalid prescription or physician order;
- Misusing a Health Net member ID card (or letting someone else use it); or
- Failing to notify us of changes in family status that may affect your eligibility or benefits.

We may report criminal fraud and other illegal acts to the authorities for prosecution.

How to Appeal Your Termination

You have the right to file a complaint if you believe that your coverage is improperly terminated or not renewed. A complaint is also called a grievance or an appeal. Refer to the "If You Have a Disagreement with Our Plan" section for information about how to appeal Health Net's decision to terminate your coverage.

If your coverage is terminated based on any reason other than for nonpayment of subscription charges and your coverage is still in effect when you submit your complaint, Health Net will continue your coverage until the review process is completed, subject to Health Net's receipt of the applicable subscription charges. You must also continue to pay any applicable deductible and copayments for any services and supplies received while your coverage is continued during the review process.

If your coverage has already ended when you submit your request for review, Health Net is not required to continue coverage. However, you may still request a review of Health Net's decision to terminate your coverage by following the complaint process described in the "If You Have a Disagreement with Our Plan" section.

If the person involved in any of the above activities is the enrolled employee, coverage under this plan will end as well for any covered dependents.

If You Have a Disagreement with Our Plan

The provisions referenced under this title as described below are applicable to services and supplies covered under this *Disclosure Form*.

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **(1-800-522-0088)** and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, or a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. The department's internet website <http://www.dmhca.ca.gov> has complaint forms, IMR application forms and instructions online.

MEMBER GRIEVANCE AND APPEALS PROCESS

If you are dissatisfied with the quality of care that you have received or feel that you have been incorrectly denied a service or claim, you may file a grievance or appeal.

How to file a grievance or appeal

You may call the Customer Contact Center at the phone number on the back cover or submit a Member Grievance Form through the Health Net website at www.healthnet.com/sfhss.

You may also write to:

Health Net of California
P.O. Box 10348
Van Nuys, CA 91410-0348

Please include all the information from your Health Net identification card as well as details of your concern or problem.

Health Net will acknowledge your grievance or appeal within five calendar days, review the information and tell you of our decision in writing within 30 days of receiving the grievance. For conditions where there is an immediate and serious threat to your health, including severe pain or the potential loss of life, limb or major bodily function, Health Net will notify you of the status of your grievance no later than three days from the receipt of all the required information. For urgent grievances, Health Net will immediately notify you of the right to contact the Department of Managed

Health Care. There is no requirement that you participate in Health Net's grievance process prior to applying to the Department of Managed Health Care for review of an urgent grievance.

In addition, you can request an independent medical review of disputed health care services from the Department of Managed Health Care if you believe that health care services eligible for coverage and payment under the plan was improperly denied, modified or delayed by Health Net or one of its contracting providers.

Also, if Health Net denies your appeal of a denial for lack of medical necessity, or denies or delays coverage for requested treatment involving experimental or investigational drugs, devices, procedures or therapies, you can request an independent medical review of Health Net's decision from the Department of Managed Health Care if you meet the eligibility criteria set out in the plan's EOC.

ARBITRATION

If you are not satisfied with the result of the grievance hearing and appeals process, you may submit the problem to binding arbitration. Health Net uses binding arbitration to settle disputes, including medical malpractice. When you enroll in Health Net, you agree to submit any disputes to arbitration, in lieu of a jury or court trial.

Additional Plan Benefit Information

The following plan benefits show benefits available with your plan. For a more complete description of copayments, and exclusions and limitations of service, please see the plan's EOC.

Behavioral Health Services

Contact Health Net by calling the Health Net Customer Contact Center at the phone number on the back cover. Health Net will help you identify a participating mental health professional within the network, close to where you live or work, with whom you can make an appointment.

Certain services and supplies for mental health and substance use disorders may require prior authorization by Health Net in order to be covered.

Please refer to the plan's EOC for a more complete description of covered mental health and substance use disorder services and supplies, including those that require prior authorization by Health Net.

You have a right to receive timely and geographically accessible Mental Health/Substance Use Disorder (MH/SUD) services when you need them. If Health Net fails to arrange those services for you with an appropriate provider who is in the health plan's network, the health plan must cover and arrange needed services for you from an out-of-network provider. If that happens, you do not have to pay anything other than your ordinary in-network cost sharing.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require prior authorization for the appointment) or within 96 hours (if the health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you arrange to receive services from any licensed provider, even if the provider is not in your health plan's network. To be covered by your health plan, your first appointment with the provider must be within 90 calendar days of the date you first asked the plan for the MH/SUD services.

If you have questions about how to obtain MH/SUD services or are having difficulty obtaining services you can: (1) call your health plan at the telephone number on the back of your health plan identification card; (2) call the California Department of Managed Health Care's Help Center at 1-888-466-2219; or (3) contact the California Department Managed Health Care through its website at www.healthhelp.ca.gov to request assistance in obtaining MH/SUD services.

TRANSITION OF CARE FOR NEW ENROLLEES

If you are receiving ongoing care for an acute, serious, or chronic mental health or substance use disorder from a provider not affiliated with Health Net when you enroll with Health Net, we may temporarily cover services provided by that provider, subject to applicable copayments and any other exclusions and limitations of this plan.

Your nonparticipating mental health professional must be willing to accept Health Net's standard mental health provider contract terms and conditions and be located in the plan's service area.

To request continued care, you will need to complete a Continuity of Care Request Form. If you would like more information on how to request continued care, or to request a copy of the Continuity of Care Request Form or of our continuity of care policy, please call the Health Net Customer Contact Center at the phone number on the back cover.

MENTAL HEALTH AND SUBSTANCE USE DISORDERS

Mental health and substance use disorders means a mental health condition or substance use disorder that falls under any of the diagnostic categories listed in the mental and behavioral disorders chapter of the most recent edition of the International Classification of Diseases or that is listed in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders. Changes in terminology, organization, or classification of mental health and substance use disorders in future versions of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders or the World Health Organization's International Statistical Classification of Diseases and Related Health Problems shall not affect the conditions covered by this definition as long as a condition is commonly understood to be a mental health or substance use disorder by health care providers practicing in relevant clinical specialties.

CONTINUATION OF TREATMENT

If you are in treatment for a mental health or substance use disorder, call the telephone number shown on your Health Net ID card to receive assistance in transferring your care to a network provider.

WHAT'S COVERED

Please refer to the *SBC and EOC* for the explanation of covered services and copayments.

WHAT'S NOT COVERED (EXCLUSIONS AND LIMITATIONS)

Services or supplies for the treatment of mental health and substance use disorders are subject to the plan's general exclusions and limitations. Please refer to the "Limits of Coverage" section of this *Disclosure Form* for a list of what's not covered under this plan.

This is only a summary. Consult the plan's *EOC* to determine the exact terms and conditions of your coverage.

Prescription Drug Program

Health Net contracts with many major pharmacy chains, supermarket-based pharmacies and privately owned neighborhood pharmacies in California. For a complete and up-to-date list of participating pharmacies, please visit our website at www.healthnet.com/sfhss or call the Health Net Customer Contact Center at the phone number on the back cover.

THE HEALTH NET FORMULARY

This plan uses the Formulary. The Health Net Formulary is the approved list of medications covered for illnesses and conditions. It was developed to identify the safest and most effective medications for Health Net members while attempting to maintain affordable pharmacy benefits.

We specifically suggest to all Health Net contracting PCPs and specialists that they refer to this Formulary when choosing drugs for patients who are Health Net members. When your physician prescribes medications listed in the Formulary, it ensures that you are receiving a high quality prescription medication that is also of high value.

The Formulary is updated regularly, based on input from the Pharmacy and Therapeutics (P&T) Committee. The Committee members are actively practicing physicians of various medical specialties and clinical pharmacists. Voting members are recruited from contracting physician groups throughout California based on their experience, knowledge and expertise. In addition, the P&T Committee frequently consults with other medical experts to provide additional input to the Committee. Updates to the Formulary and drug usage guidelines are made as new clinical information and new drugs become available. In order to keep the Formulary current, the P&T Committee evaluates clinical effectiveness, safety and overall value through:

- Medical and scientific publications;

- Relevant utilization experience; and
- Physician recommendations.

To obtain a copy of Health Net's most current Formulary, please visit our website at www.healthnet.com/sfhss or call the Health Net Customer Contact Center at the phone number on the back cover.

WHAT IS "PRIOR AUTHORIZATION?"

Some drugs require prior authorization. This means that your doctor must contact Health Net in advance to provide the medical reason for prescribing the medication. You may obtain a list of drugs requiring prior authorization by visiting our website at www.healthnet.com/sfhss or call the Health Net Customer Contact Center at the phone number on the back cover. Step therapy exceptions are also subject to the prior authorization process.

How to Request Prior Authorization or Step Therapy Exceptions

Requests for prior authorization, including step therapy exceptions, may be submitted electronically or by telephone or facsimile. Upon receiving your physician's request for prior authorization, Health Net will evaluate the information submitted and make a determination based on established clinical criteria for the particular medication. The criteria used for prior authorization are developed and based on input from the P&T Committee as well as physician specialist experts. Your physician may contact Health Net to obtain the usage guidelines for specific medications.

Urgent requests from physicians for authorization are processed, and prescribing providers notified of Health Net's determination, as soon as possible, not to exceed 24 hours, after Health Net's receipt of the request and any additional information requested by Health Net that is reasonably necessary to make the determination. A prior authorization request is urgent when a member is suffering from a health condition that may seriously jeopardize the member's life, health, or ability to regain maximum function. Routine requests from physicians are processed, and prescribing providers notified of Health Net's determination, in a timely fashion, not to exceed 72 hours. For both urgent and routine requests, Health Net must also notify the member or their designee of its decisions. If Health Net fails to respond within the required time limit, the prior authorization request is deemed granted.

If authorization is denied by Health Net, you will receive written communication including the specific reason for denial. If you disagree with the decision, you may appeal the decision.

The appeal may be submitted in writing, by telephone or through e-mail. We must receive the appeal within 365 days of the date of the denial notice. Please refer to the plan's *EOC* for details regarding your right to appeal.

To submit an appeal:

- Call the Health Net Customer Contact Center at the phone number on the back cover;
- Visit www.healthnet.com/sfhss for information on e-mailing the Customer Contact Center; or
- Write to:

Health Net Customer Contact Center
P.O. Box 10348
Van Nuys, CA 91410-0348

PRESCRIPTIONS BY MAIL ORDER

If your prescription is for a maintenance medication (a drug that you will be taking for an extended period), you may fill it through our convenient prescriptions-by-mail order program. This program allows you to receive up to a 90-consecutive-calendar-day supply of maintenance drugs from our network mail-order pharmacy. For complete information, visit www.healthnet.com/sfhss or call the Health Net Customer Contact Center at the phone number on the back cover.

Schedule II narcotic drugs (which are drugs that have a high abuse risk as classified by the Federal Drug Enforcement Administration) are not covered through mail order.

WHAT'S COVERED

Please refer to the SBC and EOC for the explanation of covered services and copayments.

This plan covers the following:

- Tier 1 drugs - Drugs listed as Tier 1 on the Formulary that are not excluded from coverage (include most generic drugs and low-cost preferred brand name drugs);
- Tier 2 drugs – Drugs listed as Tier 2 on the Formulary that are not excluded from coverage (include nonpreferred generic drugs, preferred brand name drugs, and any other drugs recommended by the Pharmacy and Therapeutics Committee based on safety, efficacy, and cost);
- Tier 3 drugs - Drugs listed on the Formulary as Tier 3 (include nonpreferred brand name drugs, or drugs that are recommended by the Pharmacy and Therapeutics Committee based on safety, efficacy, and cost, or that generally have a preferred and often less costly therapeutic alternative at a lower tier).
- Specialty drugs - Drugs listed on the Formulary as Specialty Drugs (include drugs that the Food and Drug Administration of the United States Department of Health and Human Services or the manufacturer requires to be distributed through a specialty pharmacy, drugs that require the Member to have special training or clinical monitoring for self-administration, or drugs that cost Health Net more than six hundred dollars (\$600) net of rebates for a one-month supply).
- Preventive drugs and contraceptives.

MORE INFORMATION ABOUT DRUGS THAT WE COVER

- Prescription drug covered expenses are the lesser of Health Net's contracted pharmacy rate or the pharmacy's cost of the prescription for covered prescription drugs.

- If a prescription drug deductible (per member each calendar year) applies, you must pay this amount for prescription drug covered expenses before Health Net begins to pay. Diabetic supplies, preventive drugs and contraceptives are not subject to the deductible. After the deductible is met the copayment amounts will apply.
- Prescription drug refills are covered, up to a 30-consecutive-calendar-day supply per prescription at a Health Net contracted pharmacy for one copayment. A copayment is required for each prescription. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or Health Net's usage guidelines. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.
- Percentage copayments will be based on Health Net's contracted pharmacy rate.
- Mail order drugs are covered up to a 90-consecutive-calendar-day supply. When the retail pharmacy copayment is a percentage, the mail order copayment is the same percentage of the cost to Health Net as the retail pharmacy copayment.
- Prescription drugs for the treatment of asthma are covered. Inhaler spacers and peak flow meters under the pharmacy benefit are covered when medically necessary. Nebulizers (including face masks and tubing) are covered under "Durable Medical Equipment" and educational programs for the management of asthma are covered under "Patient Education" through the medical benefit.
- Preventive drugs, including smoking cessation drugs, are prescribed over-the-counter drugs or prescription drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations. No annual limits will be imposed on the number of days for the course of treatment for all FDA-approved smoking and tobacco cessation medications. Covered contraceptives are FDA-approved contraceptives that are either available over-the-counter or are only available with a prescription. Vaginal, oral, transdermal and emergency contraceptives and condoms are covered under this pharmacy benefit. IUD, implantable and injectable contraceptives are covered (when administered by a physician) under the medical benefit. Refer to the plan's EOC for more information.
- Diabetic supplies (blood glucose testing strips, lancets, needles and syringes) are packaged in 50, 100 or 200 unit packages. Packages cannot be "broken" (that is, opened in order to dispense the product in quantities other than those packaged). When a prescription is dispensed, you will receive the size of package and/or number of packages required for you to test the number of times your physician has prescribed for up to a 30-day period.
- Specialty drugs require prior authorization and upon approval, the specialty pharmacy vendor will arrange for the dispensing of the drugs. Please refer to the plan's EOC for additional information.

WHAT'S NOT COVERED (EXCLUSIONS AND LIMITATIONS)

Services or supplies excluded under pharmacy services may be covered under the medical benefits portion of your plan. In addition to the exclusion and limitations listed below, prescription drug benefits

are subject to the plan's general exclusions and limitations. Consult the plan's EOC for more information.

- Allergy serum is covered as a medical benefit;
- Coverage for devices is limited to FDA-approved vaginal contraceptive devices, peak flow meters, inhaler spacers and diabetic supplies. No other devices are covered even if prescribed by a participating physician;
- Drugs prescribed for the treatment of obesity are covered, when medically necessary for the treatment of morbid obesity or when you meet Health Net prior authorization coverage requirements. In such cases, the drugs will be subject to prior authorization from Health Net;
- Drugs or medicines administered by a physician or physician's staff member;
- Drugs prescribed for routine dental treatment;
- Drugs prescribed to shorten the duration of the common cold;
- Drugs prescribed for sexual dysfunction when not medically necessary, including drugs that establish, maintain, or enhance sexual function or satisfaction;
- Experimental drugs (those that are labeled "Caution - Limited by Federal Law to investigational use only"). If you are denied coverage of a drug because the drug is investigational or experimental you will have a right to independent medical review. See "If You Have a Disagreement with Our Plan" section of this *Disclosure Form* for additional information;
- Hypodermic needles or syringes, except for insulin needles, syringes and specific brands of pen devices and pen needles;
- Immunizing agents, injections (except for insulin), agents for surgical implantation, biological sera, blood, blood derivatives or blood plasma obtained through a prescription;
- Individual doses of medication dispensed in plastic, unit dose or foil packages unless medically necessary or only available in that form;
- Limits on quantity, dosage and treatment duration may apply to some drugs. Medications taken on an "as-needed" basis may have a copayment based on a specific quantity, standard package, vial, ampoule, tube, or other standard unit. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply. If medically necessary, your physician may request a larger quantity from Health Net;
- Medical equipment and supplies (including insulin), that are available without a prescription are covered when prescribed by a physician for the management and treatment of diabetes, or for preventive purposes in accordance with the U.S. Preventive Services Task Force A and B recommendations or for contraception as approved by the FDA. Any other nonprescription drug, medical equipment or supply that can be purchased without a prescription drug order is not covered even if a physician writes a prescription drug order for such drug, equipment or supply. However, if a higher dosage form of a prescription drug or over-the-counter (OTC) drug is only available by prescription, that higher dosage drug will be covered;
- Prescription drugs filled at pharmacies that are not in the Health Net pharmacy network or are not in California except in emergency or urgent care situations;

- Prescription drugs prescribed by a physician who is not a member physician or an authorized specialist are not covered, except when the physician's services have been authorized, or because of a medical emergency condition, illness or injury, for urgently needed care or as specifically stated;
- Once you have taken possession of medications, replacement of lost, stolen or damaged medications is not covered;
- Supply amounts for prescriptions that exceed the FDA's or Health Net's indicated usage recommendation are not covered unless medically necessary and prior authorization is obtained from Health Net. Drugs that are not approved by the FDA are not covered, except as described in the plan's EOC; and
- Drugs prescribed for a condition or treatment not covered by this plan are not covered. However, the plan does cover drugs for medical conditions that result from nonroutine complications of a noncovered service.

This is only a summary. Consult the plan's EOC to determine the exact terms and conditions of your coverage.

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE:** Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.healthnet.com/sfhss or call 1-833-448-2042. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at <https://www.healthcare.gov/sbc-glossary/> or www.healthnet.com/sfhss or you can call 1-833-448-2042 to request a copy.

Important Questions	Answers	Why This Matters
What is the overall deductible ?	\$0.	See the Common Medical Events charge below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	There is no deductible .	There is no deductible .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Combined medical/pharmacy limit: \$2,000 member/\$4,000 family per calendar year.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , , hearing aids and healthcare this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. For a list of preferred providers , see www.healthnet.com/sfhss or call 1-833-448-2042.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes. Requires written prior authorization . Referrals by your primary care physician to specialists within the CanopyCare HMO Network are required.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this [plan](#) might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your [providers](#) charge, and many other factors. Focus on the [cost sharing](#) amounts ([deductibles](#), [copayments](#) and [coinsurance](#)) and [excluded services](#) under the [plan](#). Use this information to compare the portion of costs you might pay under different health [plans](#). Please note these coverage examples are based on self-only coverage.
